1892.

"These Homes are based upon Christian principles, they are managed by practical methods, and are doing a great work for all the Churches. They are doing the work of ten societies, and are in danger of only receiving the support of one.

We should give not merely the traditional guinea, but in proportion to the work."—THE LORD BISHOP OF MANCHESTER *at the last Annual Meeting.*

## TWENTY-SECOND ANNIVERSARY.

### ANNUAL REPORT

OF THE

MANCHESTER AND SALFORD

Boys' and Girls' Refuges and Homes,

AND

CHILDREN'S AID SOCIETY,

FOR THE YEAR 1891.

God bends from out the deep and says :  
"I gave thee the great gift of life ;  
Wast thou not called in many ways !  
Are not my earth and heaven at strife ?  
I gave thee of my seed to sow,  
Bringest thou me my hundred fold ? '  
Can I look up with face aglow,  
And answer : "Father, here is gold ?"

\* \* \* \* \*

Christ still is wandering o'er the earth,  
Without a place to lay His head ;  
He finds free welcome at my hearth,  
He shares my cup and breaks my bread.

*James Russell Lowell.*

AS an Institution, or rather a combination of Institutions, we greet our friends and subscribers to-day after twenty-two years' service, more anxious than ever to fulfil the great object of our Institution, "to seek and to save that which is lost."

The past year, closing December 31st, 1891, has been one of steady progress and consolidation. The extension practically completed last year, has increased and improved our facilities for rescue and training, the full benefit of which is only just beginning to be felt.

We speak of the extension as practically complete, but from various causes the plot of land just above the Refuge, purchased a year ago and cleared last year, has not yet been utilised, though the greater part of the requisite funds are in hand or promised. However, no time will now be lost, and a year hence we hope to report enlarged workshops and laundry, as well as more breathing space, which is sorely needed.

The difficulty of providing open space for the recreation of our large family has been settled during the year, a settlement which we hope will not be disturbed for some time. The Cheetham Hill and Strangeways groups have now each their field of several acres in which to carry on their sports.

During the year the Committee of the Gordon Boys' Home and Police Court Mission to Lads asked us to take over their work, and provide for the boys already in the Gordon Home. After careful consideration, seeing we had for years been doing similar work, we acceded to the request, and now carry on the work in our own buildings, and without increasing our staff.

Some of our colleagues on the Committee have been laid aside during the year, but we are thankful to say they are now convalescent. We have again to acknowledge the devotion and loyalty of our large staff of voluntary and paid workers.

As the Institution becomes more widely known, our help is sought by officials and workers in the towns surrounding Manchester, and we have rendered regular and systematic service to the Magistracy and Police of Manchester, Salford and the County.

We thank the Corporations of Manchester and Salford for their co-operation, and would still urge upon them the subject named in our last report, viz:—that young people of either sex should not be associated with criminals and treated as such, when guilty only of the infringement of Corporation and Police Regulations. We rejoice to learn the matter is having attention.

We are glad that the Guardians of the Poor of a few Unions have availed themselves of the Act 13 and 14 Vict., Chap. 101, Sect. 4, and saved the rates by making use of our own and similar emigration agencies. It is matter for astonishment that this opening is so little used. Thousands of children are still a heavy cost to the ratepayers, who might by a wise economy be permanently provided for on our Colonial farms. It is a startling fact that last quarter the official returns shewed that there were no less than 221,564 children in the Workhouses, and Workhouse Schools of this country.

Well might the speaker of the House of Commons, whose figures we quote, speak of this state of things as deplorable, and look to Emigration as one of the remedies.

As a result of our experience we strongly urge that Workhouse authorities keep their orphan and deserted children separate from those who are often in and out of the Union with their vagrant parents, and whose influence is consequently detrimental physically and morally. We are convinced that the community will be richly compensated for any slight additional cost.

Our last report acknowledged the great help which Parliament had rendered to the cause of the children by the passing of the "Bill for the Prevention of Cruelty

to Children." We now record with equal thankfulness the "Custody of Children's Act," which effectually prevents unworthy relatives from undoing all the labour of years, bestowed by Institutions such as ours.

Having so far brought our national estimate of Parental Rights into harmony with Parental Duties and responsibilities, we are most hopeful that ere long the State will teach our children's hands, as now their heads are taught, and make *idleness* as difficult and disgraceful as ignorance.

Our work so often leads us to stand by the side of unfortunate children in the Police Court, and plead for their committal to an Industrial School, that we venture again to intercede with our legislature to pass a short Act, making it possible for these committals to take place without bringing innocent children into contact with Policemen and Police Courts.

Intemperance is still the most prolific source of child destitution and misery, and we are thankful that public opinion is becoming more and more alive to the fact.

### Finances.

Death has again been busy among our subscribers, one especially we mourn, whose name will always be held in grateful and loving remembrance by the committee and workers. Mrs. Langworthy was a frequent visitor at every branch of the Institution while she was able, and when unable personally to visit, took the deepest interest in its progress and welfare. She gave largely, always with a prayer, and for many years had never been asked. This to some extent accounts for a deficiency of about £700 on our general account for the

year. Notwithstanding these losses, we acknowledge with thankfulness to our Heavenly Father that wavering faith has been strengthened and unbelief rebuked.

We have looked up and said, "All our springs are in Thee," and so "the barrel of meal has wasted not, neither has the cruise of oil failed, according to the word of the Lord." We believe that only as the principle of stewardship and responsibility is acknowledged in our giving, will such work as ours be adequately supported.

Grateful as we are for the large sums, we are anxious to see an increase in Annual Subscriptions of £5 to £50. We have more than once drawn attention to the fact that ours is a combination of Institutions. This combination greatly ministers to economy, better work, and no overlapping.

In a neighbouring city of similar size, ten separate Institutions, with ten sets of officials, committees, and reports, cover barely the same ground that we do. We appeal then for many of our one pound subscribers to make it five pounds, and others to increase in proportion.

We ask also for more Churches, Chapels, and Sunday Schools to give an annual collection for the funds. Some have done this for years, while many have never so helped us.

### The Work of the Year.

We now give the numbers dealt with, and those under our care during the year. Of course the direct contact and personal influence, which are our most potent forces, admit of no statistics; but the figures will at least shew the extent and variety of our operations.

Before giving some particulars respecting the *new*

*applicants* who sought our aid, we will present in a short table the total number dealt with throughout the year in the various branches of the Institution.

**Total Number dealt with under our various roofs throughout the year.**

While in addition to these the number of cases investigated and children protected by the Prevention of Cruelty to Children Branch, was **565**.

The number of boys working in the Messenger and Parcel Brigade was **170**.

The number of attendances at the Day Nursery was **3,236**; Fees paid by mothers £24 16s. 1d.

The number of discharged prisoners who accepted the

invitation given each morning at the *Gate* to breakfast in our Mission Room, was **8,753**.

Leaving these large figures shewing the total number who were either entirely provided for or helped during the year, we come now to the *new cases which applied* for admission, and to those *actually admitted* to the Institution during the same period.

The figures are full of interest, as throwing considerable light on the state of the lowest class of the population among whom we are living.

*We deal first with the applicants.*

The fresh applicants for admission during the year numbered **502**; Boys 385. Girls 117.

destitute, or in grave moral danger ... 301

Adding these 301 fresh cases thus permanently admitted to the 404 in the Refuges and Homes when the year began, we have a total of 705 under permanent care and training during the year 1891.

(These figures, of course, do not include the children dealt with by the Prevention of Cruelty to Children Branch, the City Messenger Brigade, the Day Nursery, and the Prison Gate Mission, which we have dealt with separately on pages 19, 20, and 21, as they do not dwell under our roofs.)

The results concerning them at the year's close were as follows:—

A very few words about the leading branches will now suffice.

### Working Lads' Home and Institute.

In every way this has been found an improvement on the smaller Homes which used to exist a mile or so from our headquarters.

Now the elder lads and young men who are developing into useful manhood are in touch with us, and many

of them are becoming our fellow-workers.

Mr. and Mrs. J. T. Stephens, who have long enjoyed the confidence of the Committee, are in residence here, and have been appointed to the General Superintendence of the Strangeways group of Homes. The Committee believe that this important change will promote the more efficient and economical working of the Institution, and also relieve the strain which has for some time been on the Secretaries.

Preference of admission to this residential club for young artisans, is always given to past inmates of our Homes, but other suitable young men are admitted. The rates are low, but it is expected that this department will, when the limit of membership has been reached, approach self-support. The Club, Reading Room, Educational Classes, and Gymnasium, are increasingly popular, and have enabled us to follow up with a good influence those who are approaching manhood.

According to an annual custom we despatched last 'Xmas a word of cheer and advice to all the former inmates whose addresses we possess.

This is most interesting, whether viewed from the standpoint of numbers, place of residence, or position in life. We posted to Australia, India, and Africa, and hundreds to Canada and America. We sent to many sailors and soldiers. To some in good positions in lawyers' offices, banks, and warehouses. To the wives of farmers and thriving tradesmen, including messages to children, some of whom we had seen, but many whom we had not seen, but loved. One had to be addressed as Captain, another as First Mate, and two as Reverend.

### Central Refuge.

The Central Refuge is the largest of the Strangeways group, and to it all applicants come in the first instance. Much has to be taken out, and still more to be put in. All the lads under half-time age go to school, except for a few hours during the week, when they are admitted to one of the workshops as part of their training and discipline. Many spend half their time in school and half in the workshops. For those who are at work full time a voluntary night school is provided once a week, and the more advanced attend the neighbouring evening classes of the School Board.

The Committee of the Recreative Evening Classes have provided a Drawing Class and Saturday Entertainments during the winter.

The boys of working age who are not provided for in our own five workshops, are employed in outside situations;

they bring home their wages and are dealt with like members of an ordinary family.

The Workshops form an excellent technical school, first-class work is done, and the past year has proved that our lads can get good wages under the best firms after serving their time with us.

The Carpentry, Shoemaking, Tailoring, Printing, and Firewood-Making, are the five departments to which we refer, and these in the aggregate make a profit, after paying the lads the standard rate of wages, and deducting the working expenses. Though the Firewood-making is not a

Jack  
applying

skilled industry in the general sense, it is valuable in giving immediate employment to lads on first admission.

The sum paid by wage earning inmates of our various homes toward their own support amounts to £2222/16/10.

We believe therefore that we are living up to our motto, "We help those who try to help themselves."

### The Training Ship "Indefatigable."

We have always found our connection with this ship most useful, and have had during the past year 17 lads under training on her. Our Naval and Merchant Services have no truer or braver fellows than those sent from our Manchester Homes through the "Indefatigable." A sum of £10 per annum for three years provides for the training of one lad.

### The Brigade Boys' Home

is very useful as a preparatory home to the Central Refuge for housing lads on first admission, and while necessary enquiries are being made. The Shoebblack Brigade is worked from this Home, also the Caxton Brigade, which deals with rather a special class of boy.

The Book Saloon is a slight help to the income, and has been appreciated by our friends and subscribers.

### Boys' Emigration Training Home.

This is now well organized. Instruction in rough Carpentry and Blacksmithing has been added during the year, and the Local Government Board

Jack a few months  
after admission.

have certified it for the reception of children from Union Schools. At Cheetham Hill,

### **The Emigration Training Home for Girls,**

(Rosen Hallas is the name of the house), still fulfils its useful mission.

During the past year these two Homes have sent forth 69 Boys and Girls to Canada, and each have now a band of boys and girls in preparation. It is only deserving children who are allowed to go, and our fellow workers, Rev. Robert and Mrs. Wallace, who act for us in Canada, hand us most encouraging reports of their continued well doing. Marchmont, Belleville, Ontario, the home of Mr. and Mrs. Wallace, is the centre of operations in Canada, and in sickness, or if from any unforeseen circumstance the children are unsettled in their situations, Marchmont is looked upon as their home.

In spite of all this care some will not do well, (an extremely small percentage), but most of the reports we have received are excellent. We still need more support in this department. As we stated in our last report, for a single payment of £10, a boy or girl is transferred from this overpopulated country and from adverse surroundings to the best of prospects in a new country, and at once a vacancy is made in our Homes for another child to be gathered in. But it is this extra cost of £10 per head that is our difficulty.

We strongly appeal for families or schools to adopt each year one or more children, paying their emigration expenses and taking an interest in their subsequent careers. This has been done with mutual benefit by some.

The need of a farm on which to train boys and girls for colonial life, or for rural life in England, has been suggested. No doubt it would be useful, and its products could be consumed by our large family, but so far we have not seen our way to it.

### **Orphan Homes, Cheetham Hill.**

*(For Fatherless and Motherless Children).*

This will always be a touching branch of the Institution. There are six separate houses, each with families of some 18 children; a mother over each family, and often a baby included in the group. It is so ideal in its character as to render it difficult to believe it is an artificial and not a real family. Some who used to be babies are growing up, and it is a great joy to look upon the big business boy and remember him as the tiny orphan lad over whom our hearts yearned when admitted years ago.

### **The Cottage**

for convalescent children adjoining these homes has again justified the thoughtfulness and generosity of those who presented it to us.

### **Bethesda Home**

for Crippled and Incurable Children is truly a "House of Mercy." We thank God for giving us the desire and means for its establishment.

The limit of its accommodation (40 beds) is gradually being approached, 31 beds now being occupied. Two children have died during the year. It may be expected that a higher rate of mortality will be reached here, but we are thankful to report that most of the cripples have grown stronger, and some that have come to us as incur-

able, yielding to the skill and care of Miss Owen and her nursing staff, are bidding fair to become comparatively able bodied.

Our Trustees and Committee consider that the special conditions of this home warrant the adoption of the principle of endowment. The amount fixed for endowment—£400—will produce an income sufficient to cover the actual expense of *the cot*, but not all the expenses of the Home.

Cots have been named by thirteen friends and families, and the amount named in each case invested satisfactorily. Some are in memory of "loved ones gone before" and others as a thankoffering for spared lives. All have some tender associations clustering round the name.

There are "The Charles Crompton Cot," "The Bishop Fraser," "The Willie Galloway," "The Daniel Procter," "The Fynney Cot," "The Ellen Cot," "Grannie's Cot," "Gertie's Cot," "The Barnes-Slacke Cot," "The High Bank Cot," "The Aberystwith Cot," "The Barnes Cot," "The Oakley Bed," and "The Oliver Heywood."

It will be seen that over twenty cots still remain for endowment.

### The Girls' Home, Heathfield,

has the disadvantage of being some distance removed from both the Strangeways and Cheetham Hill group of buildings, but it is where our girls' work began. It has accommodation for 20 girls and has pursued a steady and useful course throughout the year.

Here has been most keenly felt the temporary withdrawal from the work, through ill health, of our friend and colleague Mr. R. B. Taylor.

### The Sea-Side Home, Lytham,

for nearly nine years has been a most useful branch of the work. It has always been available for the children of our own Homes, but is most largely used for those who are

"Pent up in the city's noisome street,  
Far away from the waves and the breezes sweet."

During the year 171 such children have had a short holiday at this Home: and it has been used for varying terms by 38 of our own children.

Special contributions for this department have failed to cover its expenses to the extent of £100, which we hope the residents of Lytham and neighbourhood may see their way to remedy during the coming year.

### The Summer Camp

which was again pitched at Ansdell, near St. Annes-on-the-Sea, during the summer months, is another effort to help poor lads unconnected with our Homes.

Boys who are too old or unsuitable for the mixed Home at Lytham here find congenial surroundings. 589 such were benefited during the summer, and the charms of camp life have been discussed in all the poorest districts of Manchester and Salford more or less ever since.

### The Day Nursery

for the Babies of poor working mothers is situated in the centre of Ancoats. Twopence per day is charged for the food and nursing of the children. There have been 3236 attendances and a total of £24. 16s. 1d. was paid by the mothers.

## The Open-All-Night Shelter

(Chatham Street, Piccadilly.)

Never was house-room  
put to better purpose.

Contributions of lost,  
neglected, and battered  
babyhood are daily  
(but mostly nightly)  
made at its ever open

door. The Shelter is largely used by the City and Borough police, and we gladly bear testimony to the tenderness displayed towards helpless childhood by the officers of the law.

**329** Children have been received, of whom **108** have been brought in, chiefly by the police, between the hours of 10 o'clock at night and 4 o'clock in the morning; the beds have been used **2542** times, and **7606** warm meals provided.

### The Prevention of Cruelty to Children Branch

which is closely allied to and worked in conjunction with the Shelter, dealt with **565** cases. Though prosecution is always our last resort we were compelled to carry eighteen cases into court.

For this work, the Police Court Mission to Lads, and the Prison Gate Mission, three officers are employed, and the record of their daily work is fresh proof of the adage "that truth is stranger than fiction."

We are strongly convinced that the vital connection of this Branch with the general work of rescue by means of the Homes is of great advantage to both.

## City Messenger and Parcel Brigades.

These find employment for 91 lads, mostly the sons of widows, who have homes of their own, but would be in danger of drifting on the streets were it not for our Brigade, which is entirely self-supporting.

During the year they have carried 62,144 messages, and delivered 13,306,000 circulars, &c., and better than all, 48 lads have been passed on to regular employment.

The Brigade Office is also at 1, Chatham Street, Piccadilly. A lads' recreation room, bible classes, lectures, and a clothing club, are included in the means employed for their good.

## Prison Gate and Mission Work.

It was by no pre-arrangement that our Homes in Strangeways became neighbours to the County gaol. The bold contrast they present is matter for reflection.

For several years we have invited the prisoners to a simple breakfast each morning as they are discharged. It is little we can do for the adults, but the "great day" alone will declare what has been done in the way of rescue for the younger of the discharged prisoners—some of them mere boys and girls.

The figures are **8753**, viz:—**5785** men and boys and **2968** women and girls.

The small Mission Room where this work is carried on every morning, is used by the young men who are members and residents of our Working Lads' Institute for general mission work.

A Band of Hope, Children's Service, and mission to the neighbouring lodging houses, are well maintained by them. We have also the larger Mission Hall, seating

some 400 or 500, used for Sunday Evening Service and generally well filled, also occasional Conferences and Concerts.

Our Honorary Solicitors Messrs. Farrar and Co., and our Honorary Medical Officers, have laid not only the Committee, but the City of Manchester under a debt of gratitude. This might also be said of many quiet helpers whose names it would be impossible to give.

### Conclusion.

We venture to think that this simple record of work conscientiously done among those who will form either the strength or weakness of our country in the days that are coming, forms a powerful plea for continued and increased help. Such help is surely a good investment; already we see a most encouraging return, the future of our city and country will reveal still more.

The years to come we are willing to leave, believing that "He who hath led will lead," and while our weakness asks "*who is sufficient?*" faith looks up and cries, "Our sufficiency is of God." In this confidence the Committee enters on the increased work of another year.

### ADDENDA.

It is always a pleasant duty to thank those whose willing and hearty co-operation with the Committee has contributed in no small degree to the success and blessing which have attended the year's operations. If we do not give special prominence to our large and increasing number of subscribers who have supplied the sinews of war, whereby the great fight which the Institution carries on against ignorance, vice, and misery of all kinds, is maintained, it is because immediately on the receipt of such contributions the thanks of the Committee are conveyed with the official receipt: this also applies to clothing and gifts in kind.

But there are others almost constantly engaged in rendering most important service, who yet receive no official acknowledgment. Did they work for human praise the great aid they render each year would long since have ceased. The Committee know however that it is not so.

The Sale of Work has this last year realised the handsome sum of £505 19s. 5d. for the funds of the Institution. The Committee's best thanks are due to the ladies who by their earnest, self-denying efforts bring about this result.

Then they cannot forget the important services rendered throughout the year by collectors, working parties, teachers, helping Committees, and others. May their zealous and loving service in aiding this work for helpless and suffering children increase and abound yet more and more, for "*The harvest truly is great.*"

## MEDICAL REPORTS.

(CENTRAL REFUGE AND GREAT DUCIE STREET HOMES.)

During the past year the health of the boys at the Refuge, and at the various homes now happily concentrated in close proximity to the main buildings, has been fairly well maintained. A series of throat ailments and a few cases of Pneumonia gave rise to a suspicion that our drainage system was not wholly satisfactory, and a careful examination proved that our suspicions were well founded. This condition was promptly rectified; and since (now several months) I think I may say there has been practically no sickness.

The food, clothing, dietary and sanitary arrangements are as usual perfectly satisfactory.

(CHEETHAM HILL HOMES.)

During the last year the Homes at Cheetham Hill have experienced only a small amount of sickness. One case of Tubercular Meningitis, and one of Tabes Mesenterica terminated fatally. One (boy) who had suffered from severe Pericarditis, with Waxy Degeneration, &c., still lingers hopelessly. The only other cases worth noting were two of Scarlet Fever, one of Measles, and a few of Influenza, all recovering.

The Home for Crippled and Incurable Children had several cases of Whooping Cough; but it is now free again. Little Mabel, who suffered so patiently for so many months from Spinal Caries, was our only death here last year.

On the whole, I may say that the general condition of the inmates of all the Cheetham Hill Homes during the last year, can only be pronounced to have been highly satisfactory.

## HOW TO HELP THE WORK!

Write to the "Secretaries," Frances Street, Strange-  
ways, for a

## COLLECTING BOX!

and collect what you can by December 31st. We have  
very pretty boxes.

Or, if you prefer,—

## ASK FOR A COLLECTING CARD!

and one will be sent by post.

If you think you can collect £15 to support a child, or  
£10 to cover the Emigration expenses of one child in the  
course of the year, write to the Secretaries, and they will  
send you the photograph of an Orphan or Homeless Child.  
It would be a happy thing to feel that you were thus the  
means of the rescue of "one such little child."

Or, send us any article that you can spare, and that  
can be turned into money for the benefit of our work;  
such as jewellery, pictures, articles of vertu, &c.

Last, but not least; when you see or hear of a poor  
wretched, neglected child, don't give it a copper and  
pass on; stay a minute and inquire into the case, and  
if you cannot bring it to the Refuge, send us the name  
and address, and the case shall be visited and, if possible,  
permanently helped.

And, above all, when enjoying the comforts of your  
own happy home, breathe a prayer for poor homeless  
children, and for those who are working among  
them!
