Summary of Annual Meeting.

The Forty-Second Annual Meeting of the Manchester and Salford Boys' and Girls' Refuges and Homes, and Children's Aid Society, was held in the Town Hall, Manchester, on Thursday, April 11th, 1912, at 3-30 o'clock.

The chair was taken by the Lord Mayor, (Coun. S. W. Royse, J.P.), who was supported by Mrs. Archibald Mackirdy, The Rev. Canon Edwards-Rees, M.A., D.D., Rev. Frank Y. Leggatt, Rev. Robt. Wallace, E.R. Lightwood, Esq., B.A., J.P., E.J. Broadfield, Esq., J.P., Alderman Fildes, J.P., Theodore Crewdson, Esq., J.P., Geo. H. Charlesworth, Esq., W. A. Arnold, Esq., Dr. Boutflower, and others.

The Rev. T. Edleston offered prayer.

The Annual Report and Balance Sheet were presented. The Hon. Sec., Mr. Thos. R. Ackroyd, gave a summary of the Report, which was taken as read, and also an abstract of the Financial Statement in the absence of the Hon. Treasurer, Mr. H. Charlton.

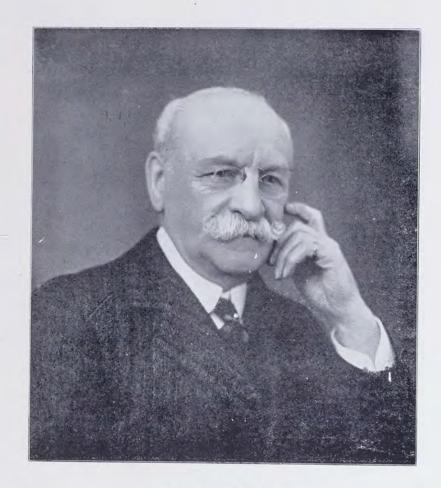

It was then moved by the Lord Mayor, seconded by Mrs. Archibald Mackirdy, supported by the Rev. Canon Edwards-Rees, M.A., D.D., and resolved :--

"That the Report together with the Financial Statement be adopted, printed and circulated, under the direction of the Committee."

It was also moved by the Rev. Frank Y. Leggatt, M.A., seconded by Rev. Robt. Wallace, supported by E. R. Lightwood, Esq., B.A., J.P., and resolved :--

"That the Committee for the ensuing year be Mr. James Boyd, Alderman James Fildes, Mrs. L.K. Shaw, Counc. Arthur Taylor, Messrs. Harry E. Gaddum, W. C. Dunkerley, Geo. Leader Williams, and Brian Crossley, The Hon. Secretary, Thos. R. Ackroyd; The Hon. Treasurer, Mr. Henry Charlton; and the Auditors, Messrs. Jones, Crewdson, and Youatt."

A vote of thanks to the Lord Mayor for use of his parlour and to the Lady Mayoress for kindly providing hospitality, proposed by Alderman Fildes, and seconded by H. E. Gaddum, Esq., closed the proceedings.

Mr. JAMES BOYD, Member of Committee since 1886.

FORTY-SECOND ANNUAL REPORT

OF THE MANCHESTER AND SALFORD Boys' and Girls' Refuges and Homes, AND CHILDREN'S AID SOCIETY, FOR THE YEAR 1911.

NDER whatsoever figure we seek to present our work on behalf of poor, neglected, homeless children, it must have an added significance when it is realised that it has stood as an integral part of the city's agencies for social amelioration for forty-two years.

If we think of it as a battle in the interests of these distressed children against conditions of poverty, degradation, cruelty and neglect, it is surely one element of worthiness that it has been no mere skirmish but a steady, organised, persistent campaign, with ever extending operations, for that long period. We may therefore be allowed perhaps to indulge for a moment in the legitimate pride of having served the highest interests of the community for more than a generation.

Beginning of the Work.

The work was conceived in a spirit of pure pity for the homeless street lad whose existence in those days was by no means an uncommon fact in the life of the city. 6

The founders of the Institution, Mr. Leonard K. Shaw and Mr. Richard B. Taylor, relate the incident which led them to take action. They were both connected with St. Ann's Ragged School, Queen Street, Deansgate. One Sunday night in the winter of 1869 the school had been dismissed, but two boys, ragged, cold, and hungry looking still lingered behind. On being questioned why they did not go home their reply was "We've got nowhere to go." Investigation afterwards proved the truth of their statement, and it was found that one had been sleeping under a railway arch in Salford, and the other up an old staircase in a Deansgate entry. It was proved also that these were by no means isolated cases, and it was there and then decided that at least shelter for the night should be provided for these little waifs of society—nobody's children.

The work steadily grew from the rented house with a few hammocks for homeless lads to the various branches now sheltering nearly 500 poor children.

Value to the Community.

An Institution such as ours has now come to be thought of as an essential part of the social fabric of a modern community, for it is felt that the children who have lost their natural guardians or who are living under conditions of moral degradation must be cared for if the community, of which they form a part, is to retain a true self-respect and protect itself against the menace of increased pauperism and crime.

And yet it is in comparatively recent times that the public conscience in this matter has been created. A

From East to West.

L. and E. C. 1905-Living in dangerous surroundings. 1911-Five years in Canada, doing splendidly generation ago the homeless child, as we have indicated, was a commonplace of our large cities. During the last forty years much has been done for the amelioration of the condition of poor children generally, both by voluntary and State action. These two forms of activity, however, have not been so much concurrent as sequential. Voluntary efforts prompted by humanitarian and religious considerations seem to have been necessary alike to the national realisation of the shameful wrong done to these children and the possible reparation in the interests of the children and the State alike.

Example to the State.

It is remarkable in the history of legislative enactments on behalf of children how they have followed as a result of public opinion formed by the labours of individual philanthropists. This applies of course to other phases of social legislation but has perhaps been more marked in relation to children. It is therefore gratifying to reflect upon the fact that not only has the Institution been active in rendering aid to tens of thousands of children since its establishment in 1870, but that with many other societies it has been at the same time a factor in generating a national concern for poor neglected children which has crystallised into permanent State help in many forms.

The Voluntary Agency in dealing with necessitous children has not only educated the State but it has also called into being a new spirit in those who come into direct contact with the children and have the responsibility of their training. Mere officialism is largely becoming lost in a true desire to develop the young life on the natural lines of home influence

as far as possible, and to enable it to take a worthy part in the life of the community. The Cottage Homes of Poor Law Unions in many cases bear eloquent testimony to this fact.

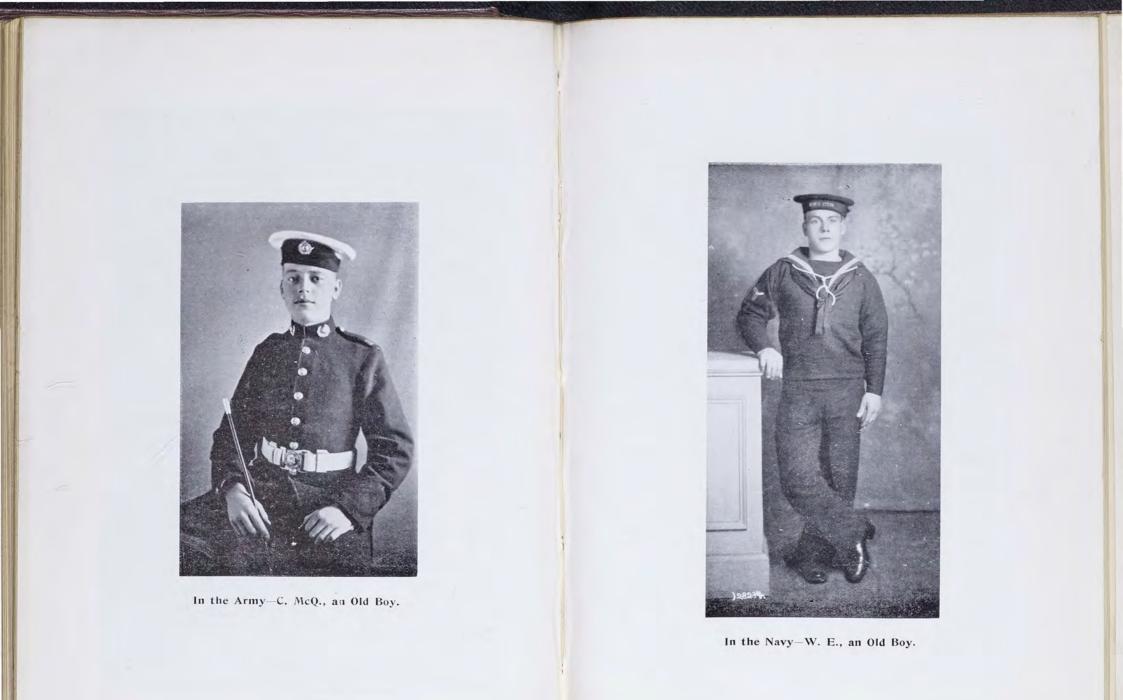

We think that however far the State may, in the evolution of the social conscience, go in caring for its poor it will do well to enlist all along the active co-operation of those who have been its mentors in the school of a higher citizenship and have taught it a nobler conception of national obligation. The discreet voluntary worker adds a quality which is of great value as is demonstrated in other spheres of corporate activity. Those who work for the highest interests of the children serve the State best, for, adapting an old adage, we might say—Take care of the children and the State will take care of itself.

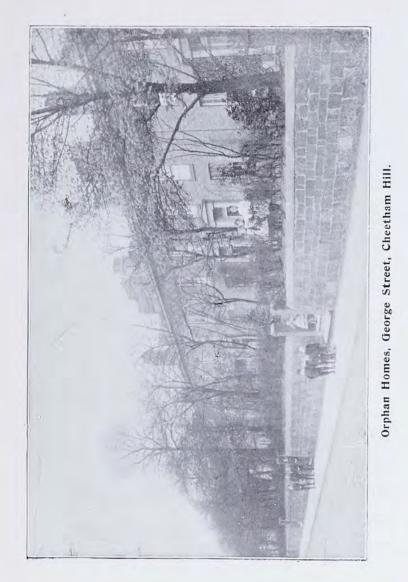

Foundation Principles.

Though many of our friends are quite familiar with the foundation principles of our work, as expressed in the Trust Deed, it is well for the sake of those who read our Report for the first time that we should restate them here.

- To receive Homeless and Destitute Children found in Manchester and Salford and District.
- To give immediate admission to such without distinction of Creed.
- To provide such with suitable food, clothing, and Industrial Training.
- To educate such in Christian principles based on the Bible only

For children and young people up to sixteen years of age without friends, our doors are wide open day and night, for as an Institution we hold ourselves responsible that no destitute child in our city need be without food and shelter.

The Year's Activities.

The features of the work during the year under review have been necessarily in a large measure similar to those of recent years, it may, however, be well to give a brief summary of the work during the year.

Fifty-six youths have been resident at the Young Men's Institute where they have had a good home and have been provided for in every way. They make a weekly payment according to their ability.

Eighty-four boys resident at the Central Refuge have been employed in the various workshops there and in the city, receiving training in the respective trades, while

One hundred and sixty boys at this Home and adjoining ones at Strangeways have attended the neighbouring Council School as regular day scholars, and all have been cared for in respect to maintenance, training, etc.

Flfty-five young boys, orphans, have formed three of the Orphan Homes at Cheetham Hill, living a happy family life and attending school.

Fifty-one young girls have occupied the other two Orphan Homes. They are also without father and mother, and have been cared for in the same way.

Twenty-three little motherless girls have formed the family at the sixth house in George Street.

Seventy-three elder girls have been resident at the Rosen Hallas Girls training Home and have been under training, the younger ones at School and the elder girls in the laundry

and in domestic work.

Seventy-seven little cripple or incurable children, boys and girls, have been resident at, and have had the benefits of the Bethesda Home, receiving the particular attention they need as invalids; they come from surroundings of deepest poverty.

Several delicate children, as their cases required, have been cared for at the Convalescent Cottage in connection with these Homes.

Four hundred and twenty-three destitute, neglected or suffering children from two to eighteen years of age have been received at all hours of the day and night at the Children's Shelter in the city.

Three hundred and seventy weak, ailing children from the slums have been sent to the Sea-Side Home at Lytham for a stay of seventeen days on the average.

Three thousand four hundred and fifty-two poor city lads have had a week's holiday at the Summer Camp, Birkdale.

Sixty children, 44 boys and 16 girls, have been sent out to the receiving home in Canada and placed with respectable farmers in good homes.

One hundred and seventy-seven of the children received at the Shelter were received on remand from the Police Courts instead of being committed to prison or workhouse.

Two hundred and eighty-seven young people charged at the Police Courts have been advised and helped.

IO

F. F., in Canada doing well.

One hundred and thirty-six lads in very poor circumstances have been employed in the outside Messenger, Parcel, and Shoeblack Brigades earning from 5/- to 8/- per week.

Eight thousand eight hundred and sixty-nine discharged prisoners have been received at the Mission Hall, provided with a simple breakfast, and in many cases otherwise helped.

New Applications.

The applications received during the year reached the number of 701—boys 538, girls 163—and these came from all parts of Manchester and Salford and the district. Most of these children had lost one or both parents, some had been deserted and the whereabouts of father and mother were unknown. Some were children of widows with large families to support, whilst others had parents totally unfit to have charge of them because of drunken or immoral habits.

The Year's Admissions.

Four hundred and four of the above applicants were admitted in all stages of destitution and need to some branch of the Institution. These, with the 447 in the Homes at the beginning of the year make a total of 851 under the care of the Committee during the twelve months. In addition to these there has also been a large number of cases not eligible for admission, to whom temporary help and advice have been given.

The following table shows the average number resident and the total number of children dealt with in the various Homes and agencies during the year.

If we gather together the numbers of children in the various branches to whom thought and attention were given in one form or another during the year, we get a total of 5344.

For the sake of new friends who may not know the extent of the work, as well as for the sake of old friends who are liable to forget it, we would briefly name the various branches, all of which are in active operation.

The Central Refuge.

This is the headquarters of the work and here all the applications are dealt with in the first instance. This Central Home with its large, open playground, reading and games room, swimming bath, band room, etc., has been as active as ever. Scarcely a day passes without some case of sorrow, suffering or need seeking its ever ready aid. It is also here that the five workshops are situated and most of the boys who have passed school age are apprenticed to one of the trades.

The Workshops.

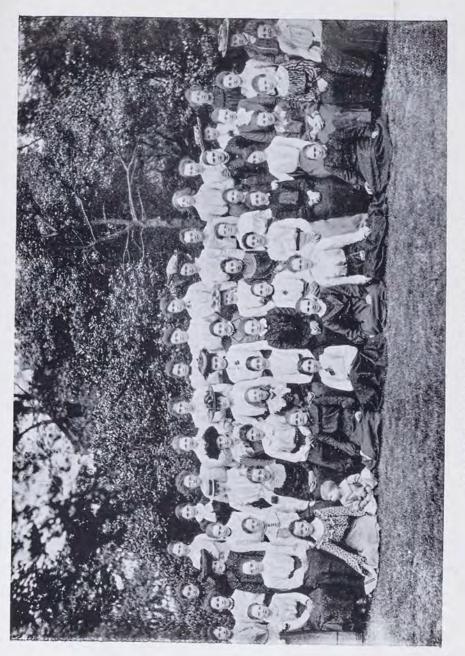

These comprise the following :---

Shoemaking, Carpentry, Tailoring, Printing, Firewood-Making.

They have continued busy throughout the year and after paying foremen and boys' wages and bearing their share of working expenses there is a profit of $\pounds 694$ 15s. 7d.

Street	Boys	Home	and
Emigra	ation	Training	Home.

These two Homes, which are also at Strangeways, are occupied by younger boys who attend day school regularly,

14

and when they reach working age are transferred to the Central Refuge.

The Working Youths' Home and Institute.

This branch is one of the most useful of the Institution, and has been full all the year round. The advantages offered here to our older boys—and when there is room, to youths who may be strangers in Manchester and are in need of lodgings—are very great indeed. Each resident has his own separate cubicle, the use of reading room, games room and gymnasium, and is encouraged and helped to attend some continuation school in the evenings. The maximum charge here is ten shillings per week which covers board, lodgings, etc.

Rosen Hallas Girls' Training Home.

This Home receives homeless and friendless girls, and also those found in grave moral danger. They receive an excellent training in all household and laundry work and are fitted either for domestic service, or for emigration to Canada. The decided Christian influence exercised in this Home has been owned of God in the salvation of many who were in terrible danger of ruin when received here. Very beautiful is it to see on the first Sunday in the month, former inmates of this and all the other Cheetham Hill Homes, gathering back to have tea and a talk to "Mother," and then attending the big family service held at "Bethesda." Our hearts have often been greatly stirred and cheered, as we have seen the hand of God owning and blessing the loving self-denial and faith and prayers of all our "Mothers" and their helpers.

The Orphan Homes.

These Homes—six in number—situated side by side, yet each distinct from the others, and situated at Cheetham Hill, have been occupied throughout the year with the particular class for whom they are intended. The children are brought up in a very true and natural family life, the mother with her helper and the children dwelling together as one happy family. All the children here as well as in all the other homes do not wear any distinct uniform, and attend the ordinary day school in the locality, and mingle naturally with other boys and girls in the neighbourhood.

The Convalescent Cottage.

This adjoins Rosen Hallas and fulfils a very useful purpose. It is here that any weak and ailing ones amongst the large family at Cheetham Hill are received and are given the special nursing and nourishment they need.

Bethesda Home for Cripples and Incurables.

This bright and happy Home notwithstanding its crippled, maimed, paralysed, or generally incurable inmates, has once again proved a great blessing to the afflicted little ones who have dwelt beneath its roof. It receives little boys from the age of 2 to 11 years, little girls from the age of 2 to 14 years. The admission is not gained by subscribers votes but by application to the Committee. After very careful investigation of each case the most needy and most suffering ones are admitted. These children at once become the object of the tenderest care and love of our good matron and the nurses.

Open Day and Night Shelter.

This most useful and important branch has been an active centre of work among children of all ages throughout the year, receiving 423 young people between the ages of 1 and 18 years under its sheltering roof. Of this number no less than 108 have been brought in by the police and others between the hours of 10 o'clock at night and 4 o'clock in the morning, proving the need as well as the blessing of this *Ever Open Door*.

This branch also serves the purpose of a Remand Home for young people brought up at the Children's Court, and the police authorities have found it invaluable to them in dealing with the delinquent children of the city and district. No fewer than 177 young people have been remanded here by the magistrates during the year.

The Industrial Brigades.

These exist to provide useful employment for poor boys who have parents and a home of some kind, and who are therefore not eligible for the Refuge, but having passed school age are in want of work, which if not obtained puts them in danger of drifting on the streets and becoming loafers and hooligans. During the year 136 lads have been employed in the Messenger, Shoeblack, and Parcel Brigades, and the department has once more been very successful. A very gratifying feature of the year's work has been the placing of 56 boys in good permanent situations. The lads have delivered 72,334 messages, and distributed 10,570,000 circulars and handbills.

A Bible Class is held every week and the attendance of the lads, which is quite voluntary, has been most encouraging.

ANNUAL REPORT FOR 1910.

1883 to 1910

Committee

Camp

The

In issuing the report of the 27th year of the Summer Camp for Poor City lads, the committee feel that they have great cause for encouragement in their

effort to provide a week's holiday by the sea, for those living in the poor districts of our great city and neighbouring borough of Salford.

Although fully confident of the need The Growth of such a work, the founders of the of the Work. Camp hardly realised that the two second-hand tents they purchased for

the experiment in 1883, and in which 20 lads were housed for a fortnight at Morecambe Bay, were the beginnings or foreshadowings of such magnificent results as have been achieved. For in the succeeding years that have elapsed about 40,000 children have had the lesson practically taught them that " Poor and needy though they be " there are many hearts beating in sympathy for them and anxious and willing to "lend them a thelping hand."

4

The Season of 1910.

In spite of the unseasonableness of the weather for camping purposes the number of boys who had the holiday reached the grand total of 3,821.

Many of the cases were pathetically interesting, the details of which would have touched the stoutest heart. No one but those who come into personal contact with the poor can realise what such a great change means to these little fellows as they indulge for a whole week in the perfect freedom of a "week at th' Camp."

No Question of Creed or Nationality.

The popularity of the work, both among the lads themselves and the supporters of it, is the fact that the only qualification required is "the need of the rest and change" and the impossibility

through the poverty of their own surroundings of being

able to provide it themselves. And yet it is pleasing to find that so many of them are able, by what must mean a big sacrifice sometimes, to save up through the winter months, the odd pennies they may have been given, for errands performed for some neighbour or other, to pay the shilling that each schoolboy is required to bring towards the expenses of the holiday (working boys pay two shillings).

The Weekly The boys are sent down to Birkdale Contingent each Monday afternoon in batches of an average of 200 per week, returning the

following Monday morning.

Feeding of the Multitude.

The provisioning of such large numbers is no small task as can readily be understood, and the very sight of the lads at their meals, has oft-times satisfied the onlookers, of the great blessing

of the week from the standpoint of the feeding alone. What must it mean, four good meals a day and of the best, when compared with the scantiness and the quality that is necessitated by the meagreness of the income at home?

Recreation at Camp.

Between meals the time is spent in all kinds of recreation. Besides the many games of lad life, such as footballing, cricketing, and the like, they have

their bathing in the sea daily, weather and tide permitting (always under the care of the superintendent and officers). Frequently they have also rambles on the sandhills

(accompanied by the staff) in addition to which they pay visits to the fairground where they are treated by some lady or gentleman to many of the attractions there. Hardly a day passes without some such interest in the enjoyment of the lads being displayed by one or other of our many supporters.

Kindness

animals. For these, four prizes are given by Mr. R. V. Glover, of Southport, who is interested in the Society for the Prevention of Cruelty to Animals. Two prizes, a first and second are given for the best essays, and a first and second also for the two best drawings of an animal. Some-indeed many of these papers and drawings have evidenced considerable skill and acquaintance with the subject dealt with, and reflect credit upon the schools attended by the lads.

Health at Camp.

The absence of sickness of any serious kind during all the many years of the camp's existence is attributable to the precautions that are taken by the Com-

mittee both before the lads are taken to the camping ground and during the holiday. Every boy is medically examined on the evening he brings his application form to the rooms at the Refuges in Strangeways, Manchester, by Dr. Walsh, who satisfies himself thoroughly of the

8

"fitness" of the applicant. In addition to this, those who recommend the boys are expected to fill in answers to important questions which appear on the application forms, as to the deserving character of the cases. Then, after arrival at the Camp, Dr. Mewburn Brown, of Birkdale, pays frequent visits and interests himself as to the health of the boys during their stay. The Committee feel deeply indebted to both these gentlemen for the many years they have acted as honorary medical officers of our work. The outdoor life of the boys, spent amidst such healthy surroundings, and the pure air of Birkdale and Southport, must tend to physical advantages of great value to their future years.

Moral Side of the Holiday.

Whilst as stated in the earlier part of the report we know no creed in our effort to help the poor lads, we feel we should fail in our duty if we did not try and help to make them morally as

well as physically better for the holiday. We can teach them to be honest, sober, truthful, industrious, both at home, at business, and in the world generally. We can show them how they may be of service to their fellows, and thus become useful citizens in their day and generation.

SundaysThe Committee feel thoroughly in the
wisdom of urging the boys to observe

worship. On Sunday morning a short

service is conducted by the vicar or curate of the parish

on the Camp ground, from 9-45 to 10-30, and the Committee would here express their appreciation to the Rev. Canon Hodgins, and his Curate the Rev. W. Marriott for their kindness in conducting these most helpful meetings during the past season. Provision is made for the boys of the Roman Catholic persuasion to attend the Church of their own choice and they are taken each Sunday morning and evening to St. Joseph's Church, Birkdale. The cosmopolitan character of our work is shown in the fact, that it is only after the boys have been with us a whole week, and they are brought out for Church parade on the Sunday morning, we know who are Catholics and who are Protestants. In the afternoons a short service is held on the Camp ground (conducted by a member of the Committee, or other friends interested in young people) to which visitors and residents, are always invited and welcome. In the evening the boys are taken to one or other of the Churches or Chapels in the neighbourhood by arrangement, and where generally a collection is taken on behalf of the work (either during the service or as the congregation is retiring). By these collections at the churches some £65.5s.5d. were added to our funds last year. It is at the Sunday afternoon meetings that the prizes for the Essays and Drawings before mentioned are distributed, as are also Silver Medals (generously given by our old friend Mr. J. Rayner Batty, J.P., for so many years,) to the best conducted boy at the Camp for each week. We are much indebted to Mr. Batty for these medals, and also to Mr. Glover for the Essay and Drawing prizes.

12

Many Ways of Helping the Work.

The success of the holiday has been very considerably increased by the many friends who have in a variety of ways shown their practical interest in the lads. Gifts of all sorts of games,

cast-off clothing, fruit, flowers, vegetables, etc. All these things have added to the week's programme of enjoyment and many times have been a source of inspiration to the Committee and workers.

For the coming season a splendid addition to
 New the Camp equipments has been made
 Dormitory. in the gift of a new dormitory from a number of gentlemen in connection

with the Manchester Royal Exchange. This building will afford accommodation for 40 beds and will form a very valuable adjunct to the work. The cost of the whole building and the necessary furnishing and decoration has been entirely defrayed by these gentlemen, and will be a permanent evidence of their desire to further the efforts made by the Committee, in helping the poor street lads of the city to have a week at the seaside. Words fail us in expressing our appreciation of this beautiful and useful gift. Whilst it is impossible for us to mention the names of all these generous donors, we feel that we ought at least to record the names of the gentlemen who at great cost of thought and labour, brought their wishes to such a successful consummation, namely:— The New "Royal Exchange" Dormitory

It will be ready for inspection on the day of the opening of the Camp, but a special ceremony for its presentation has been arranged for the Wednesday following, namely the 17th of May.

Gifts of Tents.

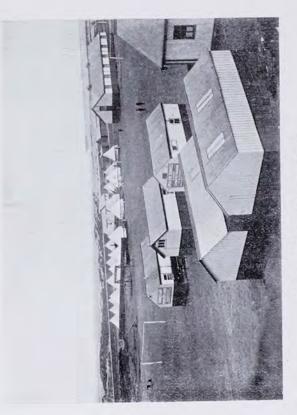

Many of the tents it will have been noticed, bear some distinctive name. These have been the gifts of various friends and institutions who have

borne the cost, £5. There are the "Saxenholme," "Salford P.S.A.," "Radcliffe Congregational Brotherhood," "Lest we forget," "Gorton Brotherhood," and the (Endowed-for-all-time,) "Bank Street, Altrincham, Men's Bible Class Tent." These and others, form part of our 24 army bell tents which occupy the ground and along with the original dormitory provide sleeping accommodation for 200 boys at a time.

Sunday and Week-day Dinners.

For many years some lady or gentleman has contributed the beef, vegetables, and pudding, required for the Sunday dinner, and so numerous were the friends desirous of doing so,

that Wednesday dinners were also made special gifts.

The season of 1910 will be remembered for the initiation of Friday dinners, consequently one of our friends hinted "why not let every day's dinner be the gift of some one willing to help." And so this season we are anticipating that this suggestion will naturally become an established custom. We shall be very pleased to add to the list of those who have for so many years "entertained the boys to dinner," others who may desire to do so. These "gift dinners," are made the more enjoyable to the lads when the donors can make it convenient to be present at the meal and so act as hosts to their enthusiastic guests.

The opening of the Camp is always a The Season very pleasing ceremony as will be seen of 1911. from the account given by the Manchester Guardian of the opening in 1910 which we have ventured to reprint in this report. The Committee have pleasure in announcing that the Lord Mayor of Manchester (Charles Behrens, Esq.), has very kindly consented to perform the opening ceremony this year, May 13th, accompanied by the Lady Mayoress. The chair will be taken at 40'clock by Mr. Councillor Austin, Mayor of Southport. Friends are cordially invited to be present.

We are glad to be able to announceThe Campingthat through the great kindness of theGround.lord of the manor, Chas. J. Weld-
Blundell, Esq., we are again permittedto occupy the same ideal spot for our camp and greatly
appreciate this long continued privilege.

Finances.

It is of course needless to say that a work of such magnitude cannot be successfully carried on without a

considerable expenditure. Every boy costs the sum of six shillings, covering railway fare and maintenance. Towards this the boys themselves contributed last year the sum of f_{153} 9s. 9d. each schoolboy paying one shilling and working boys two shillings towards his expenses. About £2,000 will be required to meet the season's expenses and the Committee make a very earnest but confident appeal to all friends of the poor children, so that they may be able to give the holiday to every needy applicant. The work belongs to Him who is the Lover of the children, and especially of the poor little helpless ones whose lot in life is one of sadness and privation. To help to bless such must appeal especially to those whose circumstances have been favoured so much above their fellows. The Committee deem it a great honour to be identified with such a Christlike work, and are willing to devote their time and energy for the cause so dear to the heart of all interested in the welfare of the poor city child.

Words of Thanks.

Throughout the year that has past many new friends and supporters have been added to our list, a matter for sincere appreciation and stimulus. We

have received many practical proofs that the work has lost none of its charm to those who have been our warmest friends ever since the tents were first pitched at

18

Birkdale 17 years ago. It will easily be seen, that to attempt to mention names is an exceedingly difficult task, but we feel we cannot refrain referring to the gift of the Shelter by Mr. and Mrs. Hinmers on behalf of their two sons, Masters W. and J. Hinmers. Our hearts were deeply touched by this noble gift.

Will all those who have in any way whatever assisted the work accept the heartfelt gratitude of the Committee for all they have done, allowing us once more to use the oft repeated but appropriate words of the Master Himself "Inasmuch as ye have done it unto one of the least of these ye have done it unto Me."

J.P.E.

On behalf of the Camp Committee,

THOMAS R. ACKROYD, Hon. Sec.

N.B.—Our report would be incomplete without a word in reference to the retirement of the late stationmaster of the Birkdale Palace Station. Mr. Fair has always taken such a real interest in the Camp. His cheery words to the lads as they have arrived or departed from Birkdale will never be forgotten by them. We shall all miss his kindly smile and word, and we wish him every blessing in his retirement.

Manchester Children. BOYS' HOLIDAYS BY THE SEA.

20

[FROM THE Manchester Guardian.]

The excitement of opening the Manchester Summer Camp for poor city boys at Birkdale on Saturday was subdued by the all-pervading knowledge of the death of King Edward. The speeches at the ceremony held during the afternoon were saddened by words of reference to the Nation's loss, and later in the day a little group of lads holding aloof from a game of football, were heard to say that they were "playin' quiet, 'cos the King's dead." But sorrow even of the most personal kind, cannot stay long in a child's heart, and the 184 youngsters gathered from the meanest streets and alleys of Manchester and Salford who have been taken to the sand-dunes of the Lancashire coast will revel in their holiday during the week under canvas.

With the wind whirling the sand about and bringing the raste of salt spray a mile on its wings from the waves which far away could be seen breaking white along the shore, it seemed early to open the Camp. But lads used to roughing it at home will not complain of stiff breezes and chill air, when games in the open are linked with good meals and freedom from lessons. These boys left Manchester at nine o'clock, and before eleven they were at the Camp exchanging their coats and caps for the jerseys and headwear provided for their use. Some of the lads come so poorly clad that other articles of clothing have also to be found for them, and there are clogs for little chaps who lack boots. Before visitors arrived for the opening ceremony the lads had had their dinner, and they were all smiles as they saluted the Mayor of Southport and the Mayor of Salford. It was "a bit parky," as a blue faced boy said at this time, and Mr. T. R. Ackroyd, the Refuge's Secretary, had the lads brought into the partly sheltered dining shed for the speech-making. All the Southport and Birkdale speakers-and they included the Mayor (Mr. T. Gregson), Sir George Pilkington, and Canon Hodgkins-said it was good to have the boys at Birkdale, and how well-behaved the boys had been in previous summers.

The Mayor of Salford (Alderman Snape), who declared the Camp open, contrasted the conditions of life 50 years ago with those of to-day. Children he said required an entire change in their environment, if they were to be properly reared. It was impossible for boys and girls brought up in slums to become hard-working and honest citizens. Improvements were going on, and in Manchester and Salford many slums had been swept away. Housing conditions were better, and Education Acts had done a great deal. The work, however, was still far from finished.

The visitors later had a look round the Camp. Meanwhile the band of the Refuges from Strangeways

played selections of music. When all the tents are put up the Camp will accommodate 300 boys, although it is only during the school holidays that full complements of lads are taken to Birkdale. For the very young boys there is a wooden dormitory, but among the boys it is thought a finer thing to sleep under canvas. The kitchens, storerooms, evening recreation room, and other parts of the Camp are admirable, and one got the impression that the place is admirably managed.

The Camp, it is perhaps well known, is a branch of the work of the Manchester and Salford Boys' & Girls' Refuges, Strangeways, and this is the 27th year this special department has been carried on. Last year 3,189 poor lads were given a week's holiday, and before the Camp closes in September it is probable that a larger number will benefit this year. The boy's need of a holiday, and the absolute impossibility of his parents to provide it themselves are the only qualifications necessary for applicants. No question of creed or belief is allowed to be a barrier. The cost for each child is only 6s. a week, and the Committee ought not to be in want of money for so good an object. Friends have already guaranteed the Sunday and Wednesday dinners for the present season.

Forms of

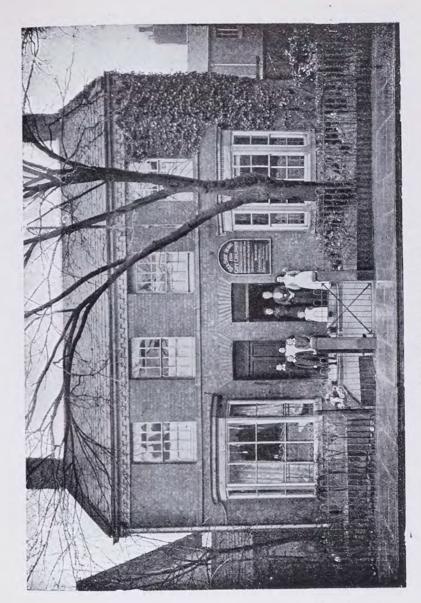

These are sent to clergymen, ministers, ragged school teachers, city Application. missionaries, members of the ladies' health societies, and all workers

amongst the poor, and may be had on application to the Hon. Sec. of the Boys' and Girls' Refuges, Strangeways, Manchester (Mr. T. R. Ackroyd). The object of the committee is to give a week's holiday to every poor lad needing a change of air and scene who cannot afford to provide it themselves.

23

SEA-SIDE HOME, LYTHAM.

In addition to the Camp at Birkdale, we have a permanent Sea-Side Home at Lytham, where all the year round, needy and deserving cases of girls and young boys may have a week or a fortnight's stay. Last year 349 children had the benefit of a holiday there. For particulars as to admission, application should be made to Mr. Thos. R. Ackroyd, Hon. Sec., Boys' and Girls' Refuges and Homes, Strangeways, Manchester.

RULES and **REGULATIONS**.

It is needless to say that to secure the thorough success of the organisation it is necessary to have a code of rules and regulations to which the lads are obliged to pay the strictest attention. These rules, while stringent, are not in any way severe, and are conformed to by the boys willingly and respectfully.

The following are the rules referred to :-

- 6-0 a.m.-Bugle call for rising.
- 7-30 " -Dress Parade, Drill and Inspection.
- 7-55 " -- Prayers.
- 8-0 " -Breakfast.
- 8-30 " -Tents to be swept out, etc.
- 11-30 " Parade for bathing (according to state of tide). 12-30 p.m.-Dinner.
- 5-15 " -Drill.
- 5-30 " -Tea.
- 9-0 " -Supper.
- 9-20 " -Prayers.
- 9-30 " -Bed.

SUNDAYS.

9-45 a.m.-Parade for Church Service. 2-45 p.m -Parade for Camp Service. 5-45 " -Parade for Chapel Service.

1.-Two Orderly Boys are appointed from the occupants of each tent, who are held responsible for the cleanliness and tidiness of the tents. Orderlies are also appointed to assist in the kitchen and in promoting the cleanliness and general order of the Camp.

2.-No boy allowed outside the Camp Ground without permission of the Superintendent.

3.-Bathing strictly prohibited unless the Superintendent and Officers are in charge of the boys.

27

4 .- Any boy found Swearing, Smoking, Gambling, or Begging from any of the residents or visitors, will be sent home immediately.

5.-Boys must be respectful to visitors to the Camp, and strive to maintain the good name of the Institution.

6 .- The boys must instantly obey the Superintendent and Officers, and any breach of rules will be severely dealt with.

7. - The Committee particularly wish the boys to feel that they have in them and the Superintendent and Officers, friends who are anxious to make their holiday a happy one, aud trust that the boys themselves will do all they can to help each other to do right, and to enjoy themselves whilst they are at Camp.

Summer Camp for Poor Lads.

This is a branch of the work which is carried on for the benefit of the vast number of boys dwelling in the poorest parts of our great city and district. Its aim is to give a week's holiday by the sea, and during the season,—which lasts from May to September,—3,452 lads were sent to the camp at Southport. The boys are sent each Monday in parties of an average of 200 per week, and return the following Monday. Whilst at Camp the time is fully occupied with games, bathing, and walks along the shore. Every day four good meals are provided.

Needless to say such a holiday to these lads, taken from the slums and alleys of the town to the bracing air of the Seaside, is of immense physical benefit. There are also other blessings which come to the boys, moral and spiritual, for whilst in Camp they are taught lessons of discipline, honesty, truthfulness and purity. The simple service of morning and evening prayers, the observance of the Sabbath as a day of rest and worship, the attendance at one of the Churches or Chapels in Southport every Sunday have left their influence for good in the lives of these lads.

There was a possibility that our occupancy of the ground at Birkdale, so kindly lent by Chas. J. Weld Blundell, Esq. for many years, would have to cease owing to proposed building operations. We are glad and relieved to know, however, that we can retain it at least for another season. If we are compelled to remove there may be difficulty in obtaining a suitable site, and in any case considerable expense in taking down and re-erecting the permanent buildings.

An interesting and valuable addition to the equipment of the Camp was made during the season by the gift of a new

dormitory for the use of the younger boys. We "are indebted to Mr. H. A. Hoyle and Mr. H. Oldroyd and other friends, who by an appeal to members of the Manchester Royal Exchange provided the £300 necessary. There are forty beds and the Dormitory is a great boon to the little boys especially to those who go to Camp for the first time.

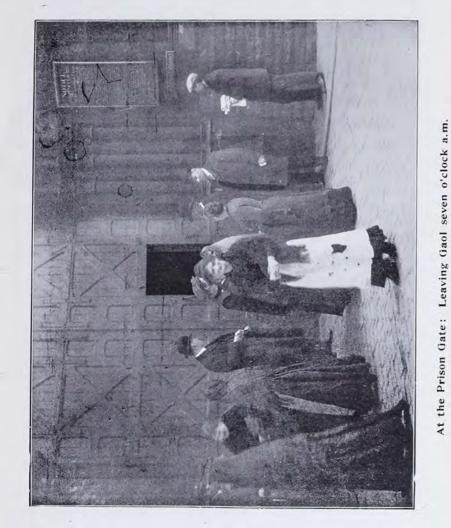

In addition to this handsome gift the same friends arranged a cricket match, Royal Exchange v. Stock Exchange and sent us as the result a cheque for \pounds 80 towards the maintenance account for the season. Our hearty thanks are tendered to all the friends through whose earnest efforts these special undertakings were brought to so rich a fruition.

The Institution is under a great debt of gratitude to the members of the Sub-Committee responsible for this branch of the work. They have rendered splendid service throughout another year, and we would assure them of our deep appreciation of all their very real and practical help.

Sea-Side Home for Delicate Children.

This branch of the work has received 370 children during the year. It is used as a home of rest for the weak and delicate children of the poorer parts of our city who are in need of a change of air and good food. The home is open all the year round, and many workers in the slums of Manchester and Salford find it invaluable to the delicate and pale-faced little ones who are often in sore need of two or three weeks at the sea-side. This home is specially for little boys and for girls up to 16 years of age.

For several years we have referred in the Annual Report to the inadequacy of the accommodation at the Lytham Home

in view of the large number of applications, especially in the summer months, of really deserving cases. The need of larger premises more suitable in every way has been long felt by the Committee. The present premises, as shown in the photo, are very limited and are not the property of the Committee. It is very desirable that in the new scheme the property should be our own and that a home adapted to the special requirements of the work should be erected and a playground or good sized garden attached. The cost would probably be $\pounds 5,000$ to $\pounds 6,000$. The Committee are glad to announce that through the generosity of a few friends a sum of $\pounds 2,000$ has been already contributed towards this very desirable extension. We venture to commend this scheme to the kindly consideration of other friends interested in the welfare of these poor children.

Prison Gate Mission.

The close proximity of Strangeways Gaol to our Institution led the Committee, many years ago, to take up this work as a special branch. It has now been carried on for the last twenty-five years, and only in that "Great Day" will its beneficent results be fully known. Every morning at seven o'clock our earnest and faithful band of workers stand at the gate to give a friendly invitation to all discharged prisoners to a simple breakfast of coffee and bread and butter at the Mission Room. During the meal a few earnest words of appeal and advice are spoken, and in many cases real practical assistance is given to those who are in great need. The number met was 10,735, and of this number 8,869 accepted the invitation to breakfast.

Police Court Mission and Probation Cases.

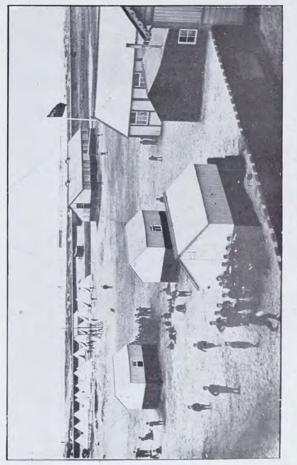

With a view of helping children and young people who may be brought before the Magistrates our agents attend the three police courts of the City, Borough, and County each morning, and are ever ready to do all they can to help the young delinquents who have got into trouble or are in grave moral danger.

The Committee are gratified to know that this work of our agents is greatly appreciated by the magistrates. In connection with this Mission 263 cases of children brought up at the Courts on various charges have been dealt with by our representatives.

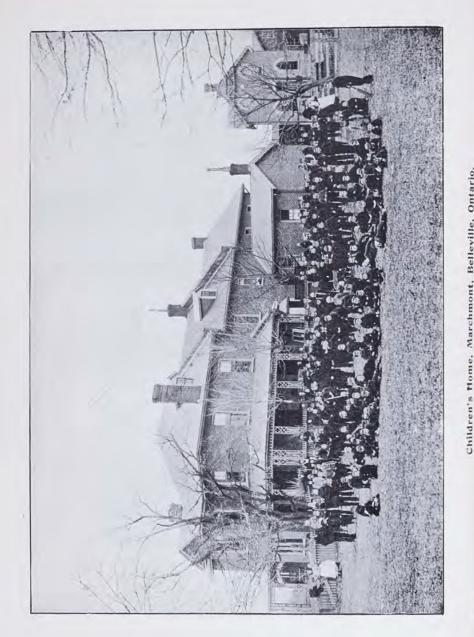

Our inspector is a probation officer for the city police court, for boys up to 16, and from a long experience in dealing with juvenile offenders, speaks with great appreciation of the probation system as seen in operation during the past three years. While the gravity of the offence is brought home to the delinquent his self-respect is not destroyed, as was often the case under the old system, but saved and fostered under a kindly yet authoritative oversight.

The figures for the four years in respect to the cases referred to our officer are eloquent testimony to a method that is a step in the direction of a wise and humane application of reformation principles, rather than those of mere repression so often only expressive of a social vengeance :—

Summer Camp for Poor City Lads, Birkdale.

The misdemeanour in 74 of these cases was stealing, in six cases it was a minor offence, begging, obstruction, etc. Committal to prison would have probably resulted in confirming any criminal tendency in the lad and in making moral recovery very much more difficult.

Emigration.

We have so often referred to the principle that underlies our emigration work that it may seem unnecessary to name it again, but as new friends become interested in our work we desire that they should understand the considerations which lead us to send out some of the boys and girls to our Canadian Home each Spring.

Every year we receive among the children admitted some who come from degrading connections and surroundings, the evil influence of which is sometimes reasserted when the child is older and may be of value from a wage-earning point of view. Our matron can tell of sad cases of girls who, after being cared for and trained in the Home for years, have been induced to return to the old environment, and in the end all the care and monetary cost seemed wasted. For these boys and girls there is no safeguard but entire removal from the old locality, and this is effectually done by emigration to Canada.

The children are received by Rev. R. & Mrs. Wallace, who are in charge of the Home in Ontario, and cared for until a suitable situation is arranged. They are placed out in good farm homes, each employer or foster-parent is required to produce satisfactory credentials of character. Afterwards the children are visited regularly, and reports sent on to the Committee in England. A boy or girl in any difficulty

can always return to the care of Mr. Wallace at Belleville. This year 60 children, 44 boys and 16 girls were sent out.

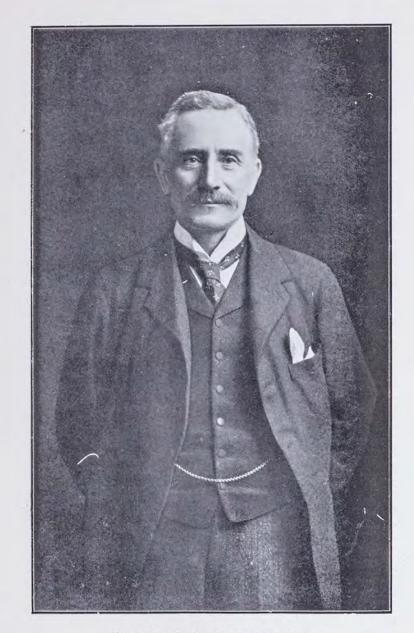

An important decision was arrived at during the year in respect to the Marchmont Home at Belleville, Ontario. Our young emigrants sent to Canada each spring on the principle named elsewhere, have been received by the Rev. Robt. Wallace at this Home by agreement and placed out with the farmers of the district under his supervision. Children have been received from other agencies, but the great majority have been from our Institution, so that "Marchmont" has come to be considered a branch home.

Circumstances have arisen recently pointing to a change of Trust under which the property is held and realising the value of this Home in respect to the efficient discharge of the responsibility attached to our emigration work it was decided to secure it on the very favourable terms offered.

Finance.

We commenced the year with a deficiency of £678 14s. 1d. which we are glad to report has been reduced to £128 14s. 7d. This reduction of the adverse balance is very gratifying specially in view of the large yearly income required to meet the many operations of the Charity, and we highly appreciate the generous help of so many friends as shown in the list of contributions. We would venture, however, to call attention to the fact that this result has only been attained by the application of certain legacies, which were received during the year, to the ordinary maintenance account. It is earnestly desired that our assured income should be more equal to our needs, and we should much esteem the kindly interest and help of friends in our endeavour to increase the number of

The Late Sir Wm. Crossley, Bart.

regular subscribers, for we cannot, of course, depend upon this special source of income every year. We have to deplore the loss through death of several generous friends during the year.

One item of income is of a specially interesting character as it represents the amount contributed by the young people of working age towards their own support. It consists of payments towards board and clothing together with profits in the various industrial departments. This year it amounts to the sum of £2,837. This will be appreciated by all who value the principle of self-help inculcated in the motto of the workshops "We help those who try to help themselves." Contributions are received during the year from old boys and girls, and are very welcome expressions of their gratitude for help in days gone by. These are shown in the subscription list as "Thankofferings."

In Memoriam.

The heavy shadow of a great loss darkens the record of the closing months of the year. Sir William Crossley, Bart., the Chairman of the Institution, passed away after a few days illness on October 12th. He had been a generous supporter for over 30 years, a trustee since 1883, and Chairman of Committee from the year 1890. His deep and practical interest in the supreme object of the Institution, the rescue and care, of poor, distressed children, was always in evidence and manifested itself continually in acts of personal service and generosity. He had a true and tender solicitude for the welfare of the children, specially those most in need, the cruelly-treated, the cripple, the incurable one.

His good judgment in matters of business and wise leading in the affairs of administration were highly appreciated by those with whom he was associated. He never looked upon his official positions as merely nominal ones, but year after year carefully performed the duties involved. Indeed his service to the Institution was not limited, even to the personal attention and generous help, great as these were and given so willingly. Beyond, or in addition to these, he rendered inestimable service by character alone, for his name so esteemed and honoured in the city, stood as an absolute guarantee of worth and efficiency, a guarantee so important to a public institution.

If we might presume to indicate from our point of view one of Sir William's fundamental characteristics it would be to say that he saw the basal fact, the essential element, the ultimate object, whatever term we may use, of any great work to which he gave his support, and kept it in view. His was not a mind that delighted in the means as a thing in itself. In the case of our Institution, it was the rescue of the child from conditions of abject poverty or moral degradation; in other connections it was the real ennoblement of the youth of the city; or the restoration to health of the poor consumptive. Means to these ends were controlled by a sound and active judgment, but the end was ever in sight, the object and inspiration of the effort.

In such an estimate we measure in some degree the sense of our own loss which will deepen as future days bring their inevitable burdens and problems. It would, however, be untrue to our deepest feeling to allow this to be the predominant note in this reference to our late Chairman. His

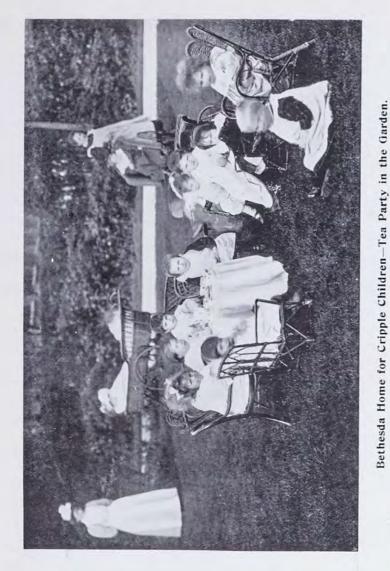

T., came to our care under circumstances of the saddest description. Several years ago she was before the Police Court as a child when our Vice-Chairman, Ald. Fildes, happened to be had evidently been reared in demoralising surroundings. She was remitted to the care of our Children's Shelter. The whole story cannot be told, but we may say that throughout a long experience few cases gave rise to more fears as to the future. She ferred to Rosen Hallas Girls' Home. Gradually the past was indeed gratifying to see a response to the influence of the new environment. To cut the connection with former associations ago and now our Matron who saw her a few months ago in her Canadian home says "She is still in her first situation and much respected; she has grown a fine young woman."

C.W. IN CANADA. From Poverty to Plenty.

devotion and generosity throughout so many years are a reason for devout thankfulness, and his memory will always be associated with the conviction that he and all he was to the Institution were the direct gift of a Divine Providence.

There are other losses sustained during the year which we record with deep regret. Several friends closely connected with the work and generous supporters for many years have passed away. Mr. Isaac Hoyle had been a trustee for 28 years. He took a deep personal interest in the Institution when resident in Manchester, and later when living in the South he sent a handsome subscription on his birthday with a kindly letter of sympathy and encouragement.

During the preparation of this Report we learn the sad news that Mr. Louis M. Hayes has passed away. In the early days of the work he took an active part in the administration of the Institution, and was a member of Committee for 24 years. He was keenly interested in the welfare of the children, and in his oversight of one of the Homes won the confidence and esteem of the youths there and of those in charge. In later years as a trustee he was always glad to be of service, and continued to have a warm interest in the object of the Charity.

Among other old friends whom we have lost during the year we may name Mr. Thos. Carver, Mrs. Christie, Sir A. Marshall, Ald. Gibson, Ald. Trevor, Mrs. Hertz, Mrs. Rawson Mr. J. Dawson, Mrs. Chorlton, and Mr. J. Stanier. All these friends had shewn a deep and kindly interest in the work for twenty or thirty years. While deeply regretting their loss we gratefully record our appreciation of their sympathy and generous help.

Mr. Alderman Fildes, who has been deputy Chairman for some years, has kindly accepted the invitation of the

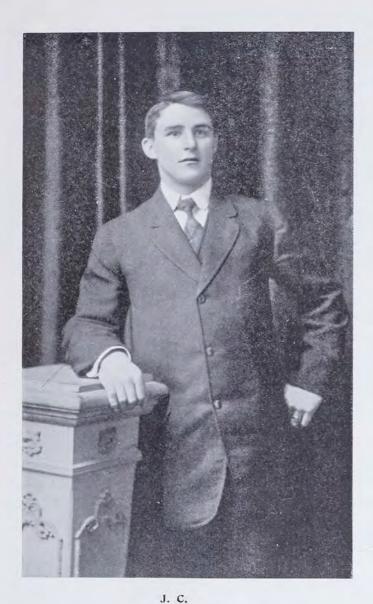

Young Men's Institute:

Committee to occupy the position of Chairman as successor to the late Sir Wm. Crossley.

We are also glad to state that Mr. Brian Crossley has intimated his willingness to serve on the Committee to which he had been unanimously elected.

Retrospect.

Looking back in the history of the Institution memory gathers up her material along different lines, and we might think of the devotion of those who, hearing the bitter cry of absolutely homeless children, vowed they would not rest until the poor waif of the street had somewhere to lay his head; of the quiet, patient stedfastness on the part of others who have given years of loving labour in the interest of the children; of faithful workers in the seclusion of the various Homes leading the young neglected life into paths of honour and usefulness. Or we might recall how, as the years passed there was a gradual expansion of the work, its scope being widened time by time, meeting one form of child distress after another, until there was the satisfaction of feeling that no longer would the stigma be upon our city that a child might be homeless in her midst. But perhaps the most vivid, most satisfying memory of all is to recall individual cases as representative of a multitude of lives rescued from conditions of destitution and degradation, and raised to positions of respectability and good citizenship. We get testimony almost week by week from many now in the thick of life's battle, to their indebtedness to the old Home. It comes from the student in the University, the minister of the Gospel, the nurse in the hospital, the farmer in the Far West, the missionary to the Indians, the soldier in the East, the sailor in the Navy, the teacher in the Mission House in China, and from many another nearer home.

Admitted from degrading surroundings, 1902. To Canada in 1904. Doing well.

Conclusion.

The future lies before us with the needs of our large family of 500 children to be met, and with many a necessitous child to be helped in one form or another, but we face it cheerfully in the consciousness that by the sympathy, service and gifts of many friends we shall be able to fight another battle on behalf of poor children and the community alike.

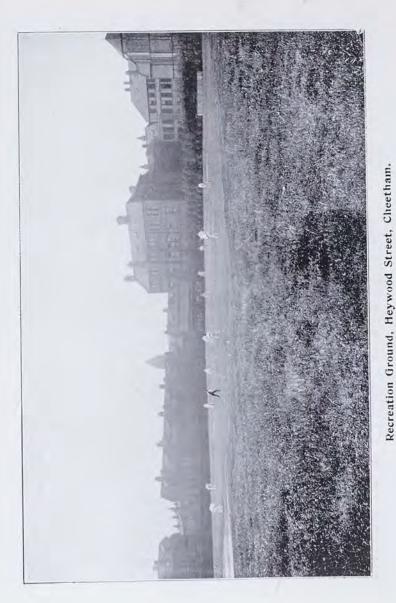

The Committee once again would gratefully acknowledge the support they have received from all the members of the staff, the loyalty and devotion which they have manifested in their work have been highly appreciated.

We would not close this record of another year's work without acknowledging the guidance of the Most High. His blessing has been upon the work from the beginning, and we devoutly pray that His Benediction may continue to rest upon it.

On behalf of the Committee,

THOS. R. ACKROYD, Hon. Sec.

Strangeways, Manchester, April, 1912.

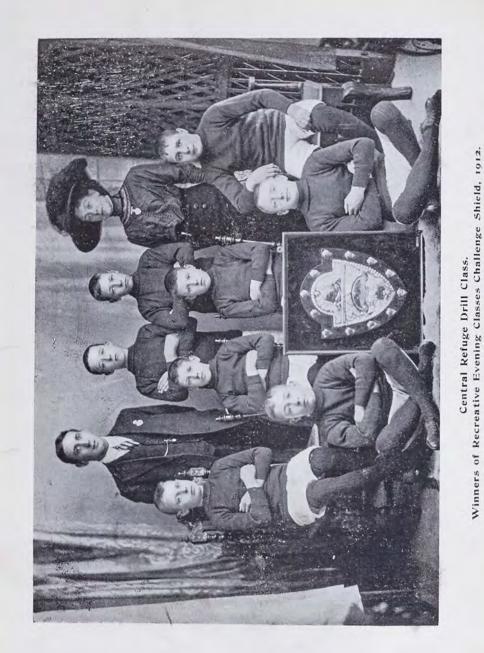

APPENDICES.

The Committee are deeply sensible of their great obligation to the Honorary Solicitors, Messrs. Farrar & Co., and to the Honorary Medical Officers, Doctors Boutflower and Walker, Strangeways; Doctors Fulton and J. Howson Ray, Cheetham Hill; Doctors Barlow and Fisher, Lytham; to Mr. W. and Mr. H. Simms as Dentists for the Homes at Strangeways; and Mr. A. T. Spaven, Dentist, for the Cheetham Hill Homes; also to Dr. Walsh and Dr. Brown, who have specially helped in the work of the Summer Camp; and to Dr. Young for services rendered at the Children's Shelter.

We are also under a debt of gratitude to the Board of Management of the Salford Royal Hospital, who are always ready to admit cases requiring hospital treatment: several cases have been received from our Homes during the past year. The Governors of the Thomas Porter Equipment Fund have again most generously helped in providing the outfit of children passed on to situations at home and abroad, and we gratefully recognise their valuable assistance.

We would assure all our Collectors, the Teachers of the Sunday and week evening classes, the members of Working Parties, and all those who took part in the Annual Sale of Work, that their interest in the Institution and the practical help they have rendered are highly appreciated by the Committee and are thankfully acknowledged.

To all who in any way, either by gifts, active service, loving interest, prayerful sympathy, have contributed to the success of another year's work, the Committee, in sending forth this report, tender their heartfelt thanks.

Strangeways Homes.

I consider that the Medical Report for the four Strangeways Homes during the past year is extremely satisfactory. There has been little or no sickness, and entire freedom from infectious or contagious disease. Two grave cases have occurred, one, a boy from the Refuge, went through a dangerous operation at the Ear Hospital, and has made a good recovery. The other case was that of a young man from the Institute, who died suddenly at the Salford Royal Hospital, from a very obscure disease.

So far as I have observed, the food, clothing, and sanitary arrangements have been excellent.

BANK HOUSE,

CHEETHAM HILL,

MANCHESTER.

It is a pleasure to be able to report favourably on the health and general welfare of the Homes in Cheetham Hill for the past year. We have had no more than the usual amount and variety of sickness; and throughout all of the illnesses I have been quite satisfied with the management and care bestowed on the sufferers by all of the staff. But despite every care, death has claimed three of our Bethesda inmates, and two from the George Street Homes. The general appearance of the youngsters both indoors and out leaves nothing much to be desired.

Our Canadian Boys and Girls

30

I^T is always a pleasure and a matter of deep interest to have news of the boys and girls who have been placed out in good farm homes in Canada in previous years. It is specially interesting when one of our own workers on this side of the sea pays a visit to many of these young emigrants and is able to report from personal observation on their position and prospects. Miss Pickford, who took out the party of girls in May to our Home in Ontario, has just returned and gives a very interesting account of her visitation, for she saw several of the girls whom she had known at the time of their admission to the Home at Cheetham Hill, neglected, untrained and sometimes wilful.

We have not space to give the reports of all the boys and girls visited, but we may say a word generally. Miss Pickford was able to see over sixty of our young people in their own homes. The visit was in most cases quite unexpected and the children were found in their ordinary every day life and surroundings, and it is very gratifying to know that almost without exception they were happy and contented and spontaneously expressed a decided preference for the new land. They would of course like to visit the old country but not to stay. In the few cases where there was anything unsatisfactory it was a result not of harshness or unkindness on the part of the master or mistress but rather the opposite-a too-indulgent employer losing, in some measure, control of a boy or girl of high spirits. There was no evidence of neglect or unkindness, but in most cases a real sense of responsibility for the child and desire to promote their highest welfare. Our matron is convinced from personal knowledge of the conditions on both sides of the Atlantic that emigration to Canada, as carried out by the Committee, is of incalculable benefit, specially to a certain class of young people-those who have degrading connections in this country. Our readers will be glad to have this further testimony to the efficiency and success of this branch of the Institution. Children's Haven

N EARLY ten years ago E. H. was brought to us a little fellow between eight and nine years of age The report of our visitor ran as follows:----'' I have visited the case and saw the boy and an old woman who gave the name of S--. She said that about four years ago the mother of the boy brought him to her and promised to pay four shillings per week if she would take charge of him. The money was paid for about 12 months, for about another year it was paid very irregularly, and during the last two years the mother has not been seen or heard of. Her last place of service was at a beerhouse."

He went to our Canadian Home in 1906, and now writes to our Matron under the date Nov. 4th last year :-" Mother, here is my photo, I hope you will like it, you will see that there is quite a change in me, the badge I am wearing on my coat as you will see is a Salvation Army Badge. I am a Salvationist now, and some day I will be a Salvation Army Officer. I expect to go to the Toronto Training College in April for training. I feel that God wants me to go and preach the Gospel to others, so I want you to pray for me that God will help me along in my experience."

A Question of Environment,

These children were recently brought to our Children's Shelter, Chatham Street, Piccadilly, by the police who had found them in a house of ill-repute. They are members of two families : the father in one case and the mother in the other were sent to prison. The conditions under which these children lived were shameful and calculated to add them in due time to the criminal classes. The photo only partially conveys the state of neglect in which they were received by our matron. 31

A Typical Story in Three Chapters.

CHAPTER I. 1902.

Application.

W.H., aged 13. Report:—The boy is in rags, sells papers in the streets, lodges with an elderly woman off Oldham Road, house filthy, father dying of consumption in workhouse. Brought to our notice by one who says, "He is practically a derelict on life's ocean, no one cares for him and nobody would mind if he died to-day." Admitted to Central Refuge.

CHAPTER II. 1905.

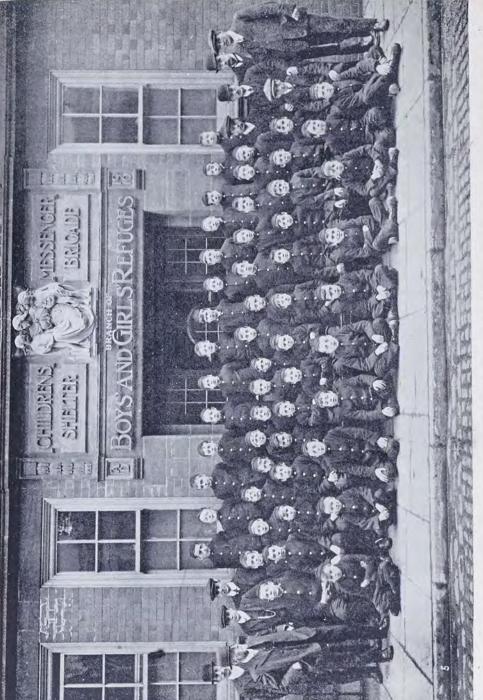

Emigration.

Reports of W.H. from Canada:—Mr. Ashley when in Canada visited him and asked if he was ready to return to England. He answered "No, I am very comfortable and like my place, they are very good to me." He attends Church and Sunday School. The farmer said W. was a very handy and a good lad. A later report says:—He is getting fair wages. He seems a nice, steady boy and is quite able to do all that is required of him.

CHAPTER III. 1911.

Satisfaction.

Letter from W.H. dated Ontario, January 9th, 1911: "Just a few short lines hoping that my letter finds you and all the boys and girls of the Homes in the very best of health as it leaves me at present. I am very pleased to say that I am getting along fine out here now. I am pretty nearly a Canadian myself now but I shall never forget the old Home in Manchester. I often long to see it again and if God spares me I will see it again. I will come just for a visit but not to stay, as I don't think I could get along with the old country after being out here so long.

³² Messenger Brigade Fruits.

N connection with the Re-union of old Messenger Brigade boys the Superintendent received several letters expressive of gratitude for help given in bygone days. We give a few extracts.

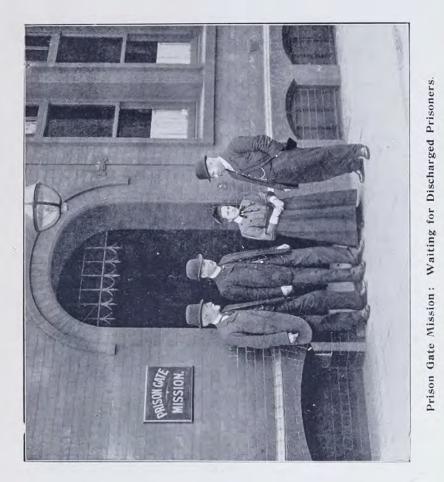

H.S.R.—It is with very pleasant memories that I look to the time when I was in the Brigade. I have been in my present situation five years, I am very pleased to say that I have got on splendid, and am still further improving my position. It was at the age of 12 that I commenced working at the Brigade, so you will understand I did not get much education. However, I took to studying in the evenings, and have greatly profited by so doing. My chief duties are attending at the different courts with principal, and also shorthand and typewriting.

I trust you will excuse my troubling you with this letter, but thought you would perhaps care to hear how some of the lads who have started life in your service were getting on.

W.H.G.—What a happy time in my life it was when I was in the Messenger Brigade, I must say that the Brigade makes a boy of poor circumstances (as I was) better able to stand the trials of later life, through the broadening of the mind, and the healthy exercise that it gives him. Personally, I have realised that difficulty has to be overcome, and have had a varied, but honest career, and am now the main support of my mother and sister.

A.V.—I wish to thank you for your invitation, and also for the good principles which were instilled into me during my two years as a member of the Messenger Brigade. Since leaving the Brigade I have been employed by the Corporation Gas Dept. over 13 years so I have been able to look back with pleasure on all the good teachings I received at Chatham Street.

W.H.—I am sure you will feel proud that you have done so much good for the old Brigade Boys, and hope you will long be spared in health. I spend many a bright day when at the Brigade. Boys' Messenger Brigade.

Prison Gate Mission Experiences

Mr. Horne gives the following interesting cases in a monthly report of this branch :—

"The work of this mission has been carried on during the month as usual. 838 discharged prisoners have been met at the Prison and invited to breakfast at the mission hall, 701 accepted and during the meal were spoken to and advised for their good. A goodly number of the prisoners on their discharge had homes and work open to them to go to and consequently had no need of our help. But a friendly shake of the hand, a kind word, a comfortable room, and a drink of warm coffee meant something to them. Many of this class sign the pledge with us, and we do our best to get them introduced to workers in their own district so that they may have an opportunity of making new friends who can help them to go straight.

About twelve months ago a man of this class signed the pledge with us and was spoken to about his future. I heard no more of him for some time. Lately I have received a letter from him saying he was in Canada with his wife and family doing well. He said it was the best day's work he ever did when he signed the pledge at our mission hall; he thanked God for the welcome he received and the words spoken to him that morning.

A young man aged 20 committed for one month for theft from his employers. It was his first offence and we think ought to have been given the benefit of the First Offenders' Act and put on probation. However, I met him on discharge by appointment with the Governor of the Prison. I found he was a bright, intelligent young fellow, and I brought him by himself to the mission room, and out of regard for his feelings and those of his friends we helped to take away any evidence of the prison life from his appearance and introduced him under the most hopeful circumstances to his friend. While he was in prison his workmates collected over £3 and handed it to me to help him in any way we thought best. After hearing all particulars from him respecting his past life we advised him to go to London where he had friends who could help him. We paid his fare and gave him 20/- in his pocket and told him I would send him the remainder of his money when he was in need of it. He has since written to thank me and to say he has obtained work with a good prospect of doing well.

A young woman of respectable appearance (not a discharged prisoner) ran away from home after a few words with her mother, and spent one night in Tame Street tramp ward, which brought her to her senses. She came with two other women to the mission at 7 a.m. for a drink of coffee. After hearing her story, which I believed to be true, I took her home to her mother, as she did not care to go alone. After explaining particulars I was able to bring about a reconciliation between mother and daughter. The mother was very thankful to get her home again.

F you think you can collect £15 to support a child, or £12 to cover the Emigration expenses of one child, write to the Secretary, and he will send you the photograph of one. It would be a happy thing to feel that you were thus the means of the rescue of "one such little child."

Or, send us any article that you can spare, and that can be turned into money for the benefit of our work; such as jewellery, pictures, articles of virtu, &c.

But not least; when you see or hear of a poor, wretched, neglected child, don't give it a copper and pass on; stay a minute and enquire into the case, and if you cannot bring it to the Refuge, send us the name and address and the case shall be visited, and, if possible, permanently helped.

Above all, when enjoying the comforts of your own happy home, breathe a prayer for poor, homeless children, and for those who are working among them.

SUBSCRIPTIONS.

Subscriptions are NOW due and will be thankfully received by any of the Committee, the Treasurer, or at the Union Bank of Manchester, Limited.

£200

Is required every week to carry on the various operations of the Institution.

GIFTS.

Donations of clothing, new or second-hand, or of useful articles of any description, will be most thankfully received. As the children from three to sixteen years of age, both boys and girls, come to us needing everything, there is hardly any limit to the way in which the work can be helped forward.
