

Champions & Explorers: Middle School Cornerstones Curriculum Maestro Year C – Spring Term 1

Students work on Cornerstones Curriculum Maestro programme in all sessions. Students will develop their life skills by practising their functional literacy, numeracy and self-help skills in a range of class-based and community settings.

The theme for this half-term is **Playlist**.

Communication

Attention Autism programme: improving levels of engagement followed by reading comprehension, literacy writing and phonics.

Reasoning

Understanding multiplication and division using the White Rose Maths programme.

Science

Sound: can we block sound?
How can we change a sound?
How far can sound travel?

My World

Understanding different features of civilisations such as old artefacts, new inventions and technology.

Food Technology

Foundation: working towards food hygiene, safety skills and healthy eating whilst making simple meals.

Health & Wellbeing

Outdoor adventure: walking tours at Longford Park to explore different sounds.

Community Access

Road safety to Bruntwood Park.
Preparing to go shopping, using a shopping list and shopping basket, scanning items and paying for items.

My Creative Expression

Art: Music-inspired art
Music: Music of the 20th century

PSHE

Thinking about change, making choices and having a voice through the Jigsaw programme.

Outdoor Learning

Fieldwork: observing, understanding and exploring natural settings.
