

Communication

This half term we will be exploring day and night. We will do this by explore pre-phonics sounds and following night time routine instructions.

We will also access the library once weekly.

Interacting with stories through sensory stories.

Children will also attend Attention Autism sessions with Speech and language therapist.

My World – Science

This half term we will explore shadows and nocturnal animals. We will do this by using torches to make shadows of different animals in the classroom and outside in the den.

My World – Humanities

This half term we will be investigating the stars in the sky, we will develop our geography skills by mapping stars and constellations and ordering objects.

Reasoning

We use lots of opportunities throughout the day to develop key skills in:

Number

Thinking and problem solving

Functional time

Space Shape and Measure

and

Construction/ building

Creativity – Art, Design & Technology

We will continue to explore starry nights by making model rockets. This will aid our fine and gross motor development through cutting, sticking and painting.

Understanding Me and My Relationships

This half term we will continue to develop our personal care skills. We will do this through daily hand washing and teeth brushing.

Children will also explore dress up resources for those in the community who help us such as dentist and nurses.

Creativity – Music

Children will explore different nighttime nursery rhymes in our music lessons.

My World – Food Technology

We will be exposed to lots of different foods and ingredients from our local and wider community.

Physical Development

Children will continue to develop their gross motor skills out in the community by visiting our local park.

This gives lots of opportunity to move in different ways with lots of equipment to explore.
