

Communication

We will be exploring lots of dinosaur themed stories in our dino reading area. This half term we will also continue with our sessions of investigation to increase communication looking at our dinosaur zoo tough trays. Our role play area will provide the children with the opportunity to dress up like archaeologists, dinosaurs and zoo keeper.

My World – Science

This half term we will be focusing on push and pull. We will be using attention autism to introduce these motions. Then we will look at different activities such as 'save the dinosaurs' using a pully mechanism to move the dinosaurs to safety to put these into practice.

My World – Humanities

This half term we will be investigating and exploring all things Dinosaurs, including our own archaeological dig!

Reasoning

We will continue to focus on our key areas of; number, shape, patter, measure, matching and sequencing. This will be embedded through our dinosaur theme. Are the dinosaur eggs heavy or light? How many spikes are on the dinosaur? Can you match the same colour of dinosaurs?

Creativity – Art, Design & Technology

In art we will be using different 'junk' to make dinosaur puppets. We will also be looking at how we can use natural materials to make art.

Understanding Me and My Relationships

This half term we are looking at money/ exchanging money for items. We will set up the L1 shop for children to explore and encourage them to choose what they would like to buy. We will then be going to the school café to practice our shopping.

Creativity – Music

This half term we will be exploring music of indigenous people such as Native North American, Mauri and Aborigine cultures.

My World – Food Technology

Our skill focus this term is cutting. We will be making rainbow cookies, fruit kebabs and spring rolls to practice this skill in different contexts.

Physical Development

We will be continuing with our sensory circuits to help our gross motor and fine motor development while supporting us to find what helps us to regulate. We will also be doing parachute games, exploring up and down.
