

Communication

This half term in communication we are looking at writing news reports, looking at events happening on waterways.

My World – Science

In science we will be looking at ways water behaves.

My World – Humanities

This half term we will be investigating all things relating to Rivers, from what they look like, how they are formed to what is the land around them used for.

Reasoning

We will be looking at numbers and measuring volume.

Creativity – Art

This half term, students will be creating shadow boxes in the style of Joseph Cornell and Betye Saar. Students can choose to explore a memory, curate a collection of themed objects or create a themed scene.

Understanding Me and My Relationships

We are looking at kind and unkind language, and how to communicate with friends.

Creativity – Music

This half term pupils will listen and respond to music and songs with a water based theme, including learning the song “The River is Born” from the Charanga song bank.

Physical Development

Outdoor learning – pupils will continue to develop fine motor skills and an understanding for the environment and gardening.

My World – Food Technology

This half term we will be looking at how water is everywhere and in our food. We will be creating food with a high water content including salad, spaghetti Bolognese, stuffed mushrooms.
