### **Our basis for using special category data**

For 'special category' data (more sensitive personal information), we only collect and use it when we have both a lawful basis, as set out above, and one of the following conditions for processing as set out in data protection law:

- The information has already been made obviously public by you
- We need to use it to make or defend against legal claims
- We need to use it for public health reasons, and it's used by, or under the direction of, a professional obliged to confidentiality under law
- We need to use it for archiving purposes, scientific or historical research purposes, or for statistical purposes, and the use is in the public interest

### **How we store this data**

We keep personal information about you and/or your child while you are accessing our service. We may also keep it after you leave if this is necessary, in order for us to comply with our legal responsibilities.

In general, we will try to keep data only for as long as we need it and will securely destroy it afterwards.

You can request our full retention schedule by contacting our [Data Protection Officer](#).

We will share your information with the following relevant parties who are involved in the SENDIASS process only with your consent:

- Education, health and social care services
- Special education needs advisory service and inclusions services
- Educational establishments

We sometimes use trusted data processors who are third parties who provide elements of services for us. We have contracts in place with our data processors. This means that they cannot do anything with your personal information unless we have instructed them to do it. These might include third party IT platforms (including cloud-based platforms) and suppliers of IT support or other specialist services.

### Transferring data internationally

If we ever have to transfer personal data about you to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

### Can I see my data?
